

*Circular Stainless Steel  
Cell for Flat  
Membrane Test*

**Catalog Info:**

C-SSC-G-1

**Description:**

- Membrane Test Distillation
- Membrane Test Reverse Osmosis

**Technical Specification:**

**Flat Cell for Polymeric Membrane:**

- Material: steel AISI 316L
- N. 2 GAS-IN input for tubing ¼"
- N. 2 GAS-OUT input for tubing ¼"

**Membrane Size:**

- Diameter 75mm

**Operative Pressure:**

Up to 65bar

Figure 1 - Lower Part

Figure 2 - Upper Part

**Comes complete with:**

- Porous Stainless Steel Sinter 60µm
- Viton ORing
- Screw Set

**Accessories and Notes:**

The following product could be designed according to the client requirements  
The following product could be designed to work also with LIQUID (C-SSC-L-1).
